

SPAIN TOURS - GROUP PACKAGES: MALLORCA FUN TOUR

take it to the max in mallorca!

Group travel

Lights... camera... action in Mallorca!!!

Discover the natural side of Mallorca's landscapes, countryside and nature reserves.

day 1 The first contact

Welcome and presentation of the program with optional dinner at hotel.

day 2 4x4 Treasure hunt: part One

The adventure begins right after breakfast with a variety of outdoor team events. Get to know your colleagues with a "treasure hunt" following indications of a road book and driving your team 4x4 vehicle. After a morning of tests and challenges a count of accumulated points defines which team is the winner. Results for all teams will be given during lunch.

Lunch is provided and dinner an option in or out of the hotel.

day 3 Catamaran adventure

Pick up the transfer from the hotel to the main harbour of Palma. The journey starts at the harbour of Palma and will wind its way around the beautiful caves and beaches of the island. The route will be decided depending on the wind direction but usually it will take you from Palma towards Illetas, Portals Nous, Portals Vells and back to Palma. The tour will last approximately 6 hours making different stops for swimming and to have lunch on board the catamaran. In the afternoon we will arrive back at the harbour and pick up a coach transfer to the hotel. Rest of the day at your leisure.

day 4 Natural reserve of "Es Galatzó": Treasure hunt part Two

After breakfast transfer to the Reserve of "Es Galatzó" where the groups will be divided into teams. Each team will be given compasses and a map of the area, which marks out for every team 3-8 different stations (depending on group size and time available). The teams will have to find these stations in different orders. The instructors will explain how to use the material in order to find a hidden treasure. The time they have for this is limited.

This is a challenging team journey because in order to get to it they have to solve a variety of problems, including:

- Wall climbing (everybody who reaches the bell, gets a letter).
- Flying foxes (at this station, they have to throw a ball into a circle marked on the ground while sliding down cables. Everyone who meets the goal will get a letter with the next clue).
- Hanging bridges have to be crossed by the entire team to receive instructions.
- Multi-Skis have to be used to pass a certain distance (the whole team has to move their legs simultaneously to proceed).
- The pole: The team has to move it in a way that it doesn't lose its vertical position while travelling to an information point.
- Archery: The whole team has to gain a minimum number of points in order to gain 2 letters.

All the teams will do the same activities but in a different order. They will not meet or see each other during the game. Once the activities are complete and all the envelopes are found, every team has to construct as quickly as possible the magic words out of the information they have gathered. The teams who have discovered the words, will be given the coordinates of the treasure. They must find the treasure and return it to the meeting point, but on their way the other teams will try to capture the treasure from them. The winner in the end is the group that is able to return the treasure to the original meeting point. Co-operation as well as independence are rewarded. After a lunch together the group will be transferred by coach back to the hotel to get ready to check out and transfer by coach to airport.
